SPECIFICATION & FEATURES

Catalog #:	08/13/2015
Project:	Type:
Prepared By:	

DESCRIPTION

The Gym Pack Series (GPK) Recreational LED pre-wired High Bay fixture is designed to fully comply with the North America National Standards with many special and unique features that make it a very cost effective solution in today's market. With over 60% of all material being a product of the USA and all manufacturing of the main body and associated parts made here in the state of Florida, this is truly a product to associate with the "Buy American Act" and its requirements.

HOUSING

- Hot dipped galvanized uni-body construction with inter-locking design
- Painted After Fabrication (PAF)- safe handling and added corrosion resistance
- Venting- keeps operating temperatures low, prolonging the life of the fixture
- Hinged reflector- allows access to electrical components without lamp removal
- Four corner suspension openings- standard for chain or aircraft cable mounting
- Pre-wired with 3 light level switching (2 lamp, 4 lamp, and 6 lamp)

ELECTRICAL DETAILS

- NEC required ballast disconnect pre-installed

ACCESSORIES

- Factory installed acrylic lensed door frame, wire guard and triangle hangers

LISTINGS/RATINGS/COMPLIANCE

Fixtures are UL listed and suitable for damp locations.

WARRANTY

Guaranteed one year from the purchase date of the product, against mechanical defects in manufacturing.

SPECIFICATIONS / DIMENSIONS

OPTIONS

The body is designed to use either high bay cable hangers or jack chain hangers as required.

An optional pendant system is available when retrofitting for HID locations.

NOTES

Product performance may vary depending on model and end user environment.

*** SPECIFICATIONS SUBJECT TO CHANGE WITHOUT NOTICE***
