TLD6NW-EM SERIES

The TLD6NW series is a new work frame-in-kit designed for commercial jobs specifically for new work applications. The LED driver on the frame allows for high lumen output, while saving energy over time. Emergency back-up frame comes pre-wired. Frame and trim must both be purchased in order to complete the lighting fixture.

FEATURES

Material: Steel

Junction Box: Mounted on housing frame

Listing: UL Listed, suitable for wet locations

Title 24: Title 24 compliant

Warranty : Guaranteed for five years from the purchase date of the product, against mechanical defects in manufacturing.
