WLSLEDT4-D2P1

SERIES SPECIFICATIONS

The WLSLEDT wraparound offer a shallow design that makes it ideal for general illumination of areas such as hallways/corridors, commercial/educational buildings, and office spaces. The LEDT Series is designed to reduce contractor installation time by adding the tubes at the factory while still keeping the UL listing of the fixture.

Construction

The body is constructed of 24 gauge, made in USA commercial grade steel with hot dip galvanized finish (6.5µm on both sides). Finish: Paint after fabrication (PAF) of galvanized body adds high resistance to rust over its lifetime.

Mounting

Continuous row mounting capability using a chase nipple. This fixture is designed to be surface mounted.

Listing

UL listed to US and Canadian safety standards. Damp location listed. Fixtures are Assembled in America.

Warranty

Guaranteed for five years from the purchase date of the product, against mechanical defects in manufacturing.

Made in the USA

NOTE: Actual performance may differ as a result of end-user environment and application. All values are designed or typical values, measured under laboratory conditions at 20°C. Specifications subject to change without notice
