TCOLST120-12

SERIES SPECIFICATIONS

The Tamlite Lighting TCOLST120-12 Low Voltage Landscape Transformer, a top choice for both residential and commercial outdoor lighting needs, offers a seamless blend of efficiency and durability. With its ability to convert 120V AC into a stable 12V DC output, this transformer is ideal for powering a variety of landscape lighting setups. The robust NEMA 4X rated enclosure ensures protection against harsh weather conditions, making it a reliable and safe option for enhancing outdoor aesthetics and functionality. Compact and easy to install, this transformer is designed to support up to 120 watts, accommodating multiple lighting fixtures effortlessly.
