LS-TRFM-300W-SS

SERIES SPECIFICATIONS

The LS Series 300W Landscape Lighting Transformer is designed for medium to large landscape lighting systems. Featuring a stainless-steel enclosure for long-term outdoor use, and multi-tap 12V, 13V, 14V, and 15V outputs to maintain consistent fixture performance across long cable runs. Suitable for both residential and commercial installations.

ELECTRICAL SPECIFICATIONS

Ballast Type: Low Voltage Transformer
Input Frequency: 50Hz / 60Hz
Rated Input Voltage: 120VAC

Reset Type: Automatic
Wattage: 300W

CERTIFICATIONS

Safety Certifications: ETL Listed

ENVIRONMENTAL SPECIFICATIONS

UL Location Rating: Wet Location

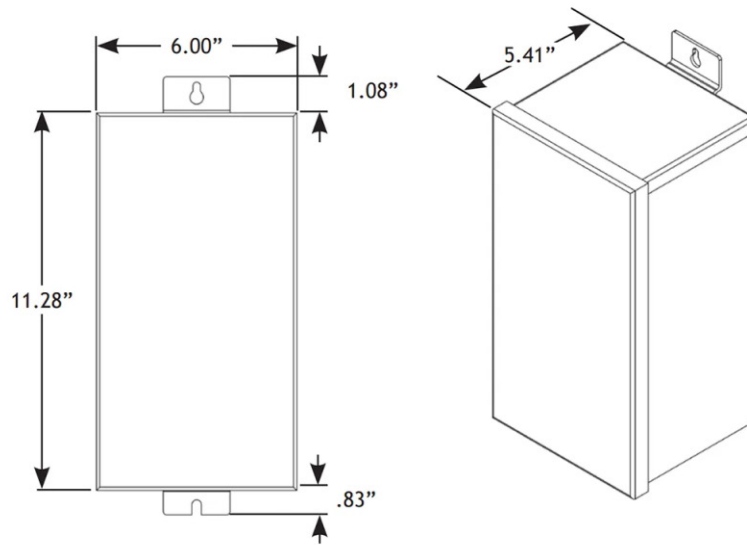

PHYSICAL SPECIFICATIONS

Finish Color: Silver
Finish Type: Stainless Steel
Height: 12.3in.
Housing Material: Stainless Steel
Length: 6in.
Mounting: Surface

Weight: 13lbs
Width: 5.5in.
Wiring Entries: 7
Wiring Type: 3-Wire (L-N-G)
